

Identifying Changes

Reversible	Irreversible

For the reversible changes, explain how the change can be reversed.

For the irreversible changes, identify the reactant(s) and the product(s).

Identifying Changes

Cut and stick the examples of changing materials in the correct columns.

Chocolate Making	Bread Toasting	Candle Burning	Wax Melting
Sugar Dissolving	Wood Burning	Biscuits Baking	Water Boiling
Puddle Evapourating	Water Condensing	Butter Melting	Potatoes Boiling
Ice Melting	Oil and Water Mixing	Milk and Vinegar	Cakes Baking
