

Grouping: Lesson 1

Hello, Grade 3's. I hope you all enjoyed our grouping lesson!

Use circles as you group your numbers.

1. 4 dogs each eat 7 dog biscuits. How many dog biscuits do they eat altogether?

2. Gran packs 9 scones into 6 cake tines. How many scones did Gran bake altogether?

3. Each soccer team has 11 players. How many players are there in 7 teams?

4. I save R13 a month. How much money do I save in 4 months?

5. **CHALLENGE!** Each day Mrs Cohen marks 35 books. How many books does she mark in 3 days?
