

# Breaking Down Method

## Adding

Rename the following numbers:

$45 = \underline{\hspace{2cm}}$

$129 = \underline{\hspace{2cm}}$

$138 = \underline{\hspace{2cm}}$

$195 = \underline{\hspace{2cm}}$

$104 = \underline{\hspace{2cm}}$

$173 = \underline{\hspace{2cm}}$

$178 = \underline{\hspace{2cm}}$

$261 = \underline{\hspace{2cm}}$

Calculate the following using the breaking down method:

$62 + 31 = \square$

T:

U:

$45 + 27 = \square$

T:

U:

$126 + 143 = \square$

H:

T:

U:

$156 + 124 = \square$

H:

T:

U:

$156 + 158 = \square$

$204 + 172 = \square$
